

## TIP FOR POINT SHOES With Epithelium 26®

### INDICATIONS:

**Prevents and relieves pain on the ball of the foot and toes.  
Perfect for dancers!**

### PROPERTIES:

- Small and easy to wear: Only 1.5 mm of Epithelium 26® distributes pressure created in ballet slippers without altering sensation. Very comfortable for dancing, these are made with no stitching at the tips.
- Smart and easy to wear, these tips increase the duration of wear for ballet slippers.

### RECOMMENDATIONS FOR USE:

- Can be worn directly on the skin for optimal comfort (except on an unprotected wound).
- Can be machine-washed at 40°C.
- Average duration of use: several months

References	Size	Foot size / width	Unit
0504	Small	8 – 10 cm / 3.2" – 4"	One pair
0505	Medium	10 – 11.5 cm / 4" – 4.6"	One pair
